EXPERIENCE

Frontend Developer
06/2023 - 02/2025

PAYA
Tehran

As a Frontend Developer at Paya, I focused on building management dashboards and creating optimized interactive websites using modern technologies such as Next.js, React, and Tailwind CSS. I also contributed to projects involving Business Intelligence (BI), Extract, Transform, Load (ETL) processes, and admin dashboards. By collaborating with diverse teams, I consistently aimed to create beautiful and responsive user interfaces, ensuring an exceptional user experience.

- Utilized **Next.js, and React** to build **interactive** and visually appealing **dashboards** and **websites**.
- Collaborated with cross-functional teams to ensure the seamless integration of **design** and **functionality**.
- Employed **Tailwind CSS** and **responsive design** principles to create visually stunning and **user-friendly** interfaces.
- Contributed to the **optimization** of web applications to enhance **performance** and **user experience.**
- Continuously enhanced my skills and knowledge to deliver high-quality work and stay updated with the latest **industry trends** and **best practices.**

Frontend Developer
2020 - 07/2021

Protein Gostar Sina
Tehran

As a Frontend Developer, I worked on developing and improving web interfaces, ensuring a smooth and responsive user experience.

- Developed **UI components** using **HTML, CSS, and JavaScript**.
- Assisted in making the interface **responsive** and user-friendly.
- Worked with the team to implement **designs and optimize performance**.

PROJECTS

Resume Builder
2025

A modern and intuitive resume builder built with **Next.js (App Router)** and **TypeScript**, allowing users to create, customize, and download resumes effortlessly.

- Supports **multiple templates** with customizable styles.
- Features **icon upload, custom links**, and **resume download**.
- Built with **Zustand, React Hook Form, Material UI, and Tailwind CSS** for a smooth experience.

EDUCATION

Bachelor's degree
2015 - 2018

Islamic Azad university
Tehran

SUMMARY

I'm a front-end developer with three years of experience, specializing in building management dashboards and optimized interactive websites in collaboration with diverse teams. I work with modern technologies such as TypeScript, Next.js, React, and Tailwind CSS, Charts consistently aiming to create beautiful, responsive user interfaces. Likewise, I excel at teamwork, value effective communication, and enjoy collaborating to solve challenges. My strengths include attention to detail, creativity, and a focus on user experience, and I'm always eager to learn and enhance my skills to improve the quality of my work.
